MPA Act - Udipi municipality - extension of

Memo 35506-1E1-PH dt 13-9-41

It has been suggested that it is necessary, ~~and debirable~~ to have the provisions of the M.P.A. Act extended to the area of the Udipi municipality, a pilgrim centre. The Council is therefore requested to consider the matter and submit a resolution agreeing to the extension of the Act to its area. The obligations of the municipality after the extension of the Act will be as follows:-

If it is classified as a C class municipality it will have to pay a contribution of Rs 240/- p.a. to the Govt for purposes of analysis etc. In return it will be entitled to send four samples a month to the Govt Analyst for analysis

basis. For each sample sent over and above four it will have to pay a fee of Rs 5/-. The municipality will be given a share in the fines levied in cases under the Act. As this share will, generally speaking, be found to defray the expenditure incurred by the municipality in the working of the Act.

The municipality is classified as "B" class municipality the same rules as above will apply with the difference that the contribution to the Govt will be Rs 480/- per annum and the number of samples that can be sent free in a month will be eight.

G.O. No. 2553, 15th September 1941

Administration Report—1940-41—Udipi Municipal Council—Reviewed.

Order—No. 2553, L.A., dated 15th September 1941.

The main features of the administration as shown by statistics are given in Annexure I to this order.

2. *Communications.*—The Collector has reported that the condition of the roads generally is good. It is observed that the expenditure on the maintenance of roads was considerably less than in the previous year. The Council should allot more funds for roads in future.

3. *Encroachments.*—Steps should be taken to have the town surveyed, so that encroachments on roads may be prevented.

4. Orders will issue separately in Education and Public Health Department regarding the matter of extension of the Madras Prevention of Adulteration Act to the municipality.

5. *Finances.*—There was a slight fall in collection work, which is attributed to the late issue of property tax bills due to the quinquennial revision. The Commissioner should collect not less than 95 per cent of the tax demand.

6. *General.*—The relations between the Council, Chairman and the Commissioner continued to be good. The administration was good. The provision of more latrines both public and private and the improvement of the market should receive early attention.

M.P.A. Act - Nadipet Municipality - Extension of

The question in this file is regarding the extension of the M.P.A. Act to the Nadipet Municipality. The Municipal Council, Nadipet has passed a resolution to have the Act extended to its area with effect from 1-4-1942, i.e. about five months afterwards.

The S.G. also has, in his letter No. 51491-I/41 dated 13-11-41 requested the Govt that orders regarding the extension of the M.P.A. Act to local bodies may be made so as to take effect from 1-4-42 as the laboratory of the Govt Analyst at Guindy is working at full capacity. Please see the extract from his letter put up below.

2. It is submitted that it is usual to issue orders and publish notification extending the M.P.A. Act to local bodies so as to take effect one or two months after the publication of such notification. It is learnt that there is no precedent in which notifications were published so as to take effect after a period of

about 5 months. ~~For Orders whether Legal may be consulted in the matter~~ Under
KWS 19.11.41 para of Govt no 1630 HD/25.1.33
two months time from the
date of extension of the Act is
allowed for arranging for the
delegation of powers, purchase
